

15.20.050 Interference with public utility wires

15.20.050 – Interference with public utility wires

Whenever it is necessary to interfere with wires or cables of a public utility in moving a building, the terms of any special or franchise ordinance governing shall apply and the bond therein specified shall be given. If no such terms apply then the city council shall estimate the expense of fixing the wires and the bond to be given to cover this.

(Prior code : § 13.505)
